It happens to a lot of people and who cares if she makes a sad face? I would probably be sad too. As you can clearly see neither of the kids are in the car. It doesn't matter what she went to the store to buy, she can leave her house if she wants to. You all act like she is doing something horribly wrong by being human.

thats a nice color for her, she looks better everyday, the only thing she has to do is fix her hair, go back to blond brit, you look like a million bucks with blond hair. damn I cant wait for her album, which is coming out in a month.

Britney4life--go back to watching Teletubbies. As for Brit herself: wash your hair/weave/wig, put your knees together and try holding your kids instead of that ratty dog. Also, send one of your staff to pick up your "vitamins" if you are too high to drive.

I just can't see this mess been able to pull out a world tour in 2008 like  
christina, justin, beyonce - the whole house of blues thing would just look  
desperate/talentless/slutty on the big stage. Britney needs to work with a  
proper choreographer, manager, and a whole team of people - i just dread to  
think what her new videos will be like judging by that stripper routine on

in 2004 when britney married that gut for 55 hours - that was shocking n all but same came back with toxic and everytime etc. In 2007 and late 2006 she has just gone beyond shocking and become a real sad mess. She will never never fully comeback or be the same again. period.

Are those stains (again!?) on the back of her dress? At least the dress looks a bit classier than what she normally wears, but it does seem to be awfully low-cut to go out to the drug-store.

She does seem to have lots of weird faces, but I think that is just part of her personality (along with the baby-talk).

She missed the open parking spot by a huge amount. I wonder if she had her seat-belt on. She just doesn't seem to take the proper safety precautions when out driving (for herself or her kids), so I am somewhat amazed she hasn't been in far worse accidents by now.

She has already been reported and she is a very stupid girl. She just gave out where she lives to this entire board. I did this for her mother, so her child won't end up dead. Her mom has a right to know what this kid does on

here. She is 13 yrs old for God sakes. If you don't like that, I really don't give a flying fuck.

I understand that this can happen to anyone but seriously it could have been prevented if she didnt cary her dog and had the wheel in the other hand at the same time, she's retarded.

And i've noticed taht she NEVER wears a seatbelt can't wait to see her head thru the windshield one day.

She acts all scared when the paps are around yet she isn't scared at all she loves it, if she was scared she would buckle up knowing 20 cars will surround her with picture hungry paps.

She's full of shit and so is her nasty ass weave.

The dress is a better pick than usual (although a little cheesy). At least that type of strap kindof disguises how huge she is. But the stomach and ass areas should have been pulled in with Spanx. Her stomach and ass are grotesque and flabby.

On the driving - she will eventually get in a wreck while not wearing her seatbelt, and that is the only way she will learn. I guess COUNTRY folks don't believe in seatbelts for adults OR children. I've noticed her putting her kids IN the carseats, but she does NOT snap/belt them IN.

One or all of them will get killed in a carwreck. At least the kids won't have to suffer anymore.

she's a "lip syncher", my 5 year old can sing better than "Shitney Shears". And NO she does NOT look good or sexy, she still looks like hillbilly trash., and what the fuck is going on with that birds nest on the top of her big oversized head??? You can see her 1cm length real hair, wrapped into her bird weave. I can't believe that someone with her money, cannot hire the best hair stylist available. She chooses unlike 90% of Hollywood to be out there EVERY day pimping her children & looking for attention in her dirty get-ups and getting the X17\$ for her drugs. She's desperate & broke, has to get paid for pics so she pimps herself and her CHILDREN by choice to X17. Filthy beyond belief in person w/ a smell that'll knock you out. It's comes through even in pics and she needs to be locked up away from her "boo boos". Jeff K will never salvage this freak show, her best bet would be to hole up for a few years & maybe they'll forget what a HOG she is.

&:44 Now who's naive? You're here commenting & clicking, it sells so YES X17 will put up the nasty pics. She doesn't have final say over pics, just \$\$\$ \$ for being the "inside" source & giving them the "exclusive" photo ops they then SELL to other sites. Filthy Flintstones with no talent, hygiene or parenting skills and ZERO common sense apparently is what America wants. The pics where she finally oops!herself or someone else will probably be worth mucho bucks.

OMG! EVERYONE hates her. Has-been Hillbilly. You cant buy class, and she is a perfect example. She will crash and burn within months. I feel sorry for her kids who she dressed in friggin SNOW boots in LA, and the lil one she clearly DRANK and drugged with that poor lil boy. KFed is the best parent, and that makes me shudder... Shitney is disgusting. Her smack addicted assistant with her zit face caused by the shit they are both smoking or snorting is another one that will be gone soon. How many ppl has she gone thru in a few weeks? Shes LOST it...There are ppl trapped in mines, and still underwater in Minn. and her fat ass gets all of this. Disgusting...Fat pig...go home and spend time with your kids who bawl everytime you hold them. Poor things...

What a class act -- why didn't she just flop her fat ass on the pavement and spread her legs so you could get a real good look up her dress? When will this stupid shit bitch learn to handle herself like a lady? Nice one Britney, but guess what? No one wants to see any more of your skanky ass than they already have.

When she hit the parked car she was probably trying to drive, smoke a cigarette, talk on the phone, hold her precious puppy, taking her anti-depressants with a vodka, I mean, Red Bull chaser while changing one of the kids diapers, firing her latest assistant and booking her next photo session. What a fucking loser she has become -- how sad.....

Yeah she's hated for putting herself out there for sympathy & pimping those poor little retarded children. She drank & partied w/ BOTH kids in utero, Destin & everywhere. I saw, lots of people did. There was even a Law & Order episode based on her drugging while pregnant!! She's worse than hated, she's due some serious KARMA for playing druggie ruskie roulette w/ innocent children. Skanky, filthy, stupid and all the other nicknames just don't cover how crazy she is. She deserves all the shit & more.

You KNOW she reads all these comments folks as she gets paid here. Not one thing gets through to her unless it's praise. She honestly believes people like her SMELLY dirty ass. She's totally fucking BONKERS, crazy and in another world totally from the rest of us. She really believes she can turn YEARS worth of nasty skany piming around & she'll be loved again! I worked with her no joke, she thinks she's just been "misunderstood"!!!!!! See, smell and talk to her up close and ALL of you would be dialing Children & Families.

Is this woman really this stupid? We know for a fact that she reads what is written about her so why does she keep doing these stupid things every single day? Why doesn't she just stay home one freaking day instead of putting herself out there to be ridiculed? If she would just lay low for a while, maybe some of the negative press would stop for a while and she could try and get her life together (if that is possible at this point). It doesn't appear that she had her kids with her today, but it is not the hordes of paps that follow her around that are endangering the safety of her kids. She is the one that is ultimately responsible. If she would just stay at home, play with them, feed them real meals, be their mother, they would have half a chance to be normal. Or on the flip side, she might just realize that she doesn't have a clue

and would finally get help. But right now, she is not good for them, she can't make good, sound decisions when it comes to her own life, what makes anyone think she should be the one making decisions for two innocent babies? Britney, if you read these comments, stay home, get your life together, mend all the relationships you have trashed and make a fresh start. I don't think you have a snowballs chance in hell of ever being the "star" you once were, but maybe, just maybe, you might get your life together and actually become a responsible member of society.

I know blogging is addictive but if everyone stopped clicking & posting on X17 she'd be gone SOONER. People are not buying the rags she's in, so do your part & refrain, stop yourself here. The sooner you do, the sooner she'll be GONE or maybe she'll get help, disappear before she KILLS someone. It's just a matter of time before a puppy w/ a broken leg turns into a child

because she's so coked/methed/drunk/delusional that she fucks up tragically.  
August 6, 2007 8:20 PM

Shit she tossed her family & long time staff for not "seeing her side" why would she listen to well meaning posters? Really it's too far gone, the chick has had a psychotic break & does serious drugs on top of that. LOCK HER UP, she's fucking delusional. The bad hygiene alone is a cry for help and no tight dress can hide the smell of a rotting shell. Take those kids away, they need professional intervention for the Fetal Alcohol Drug Syndrome they both obviously have along with the emotional abuse they have suffered under her care.

8:20 you are so right! I have been saying the same thing for a long time. She has to be delusional to think that people read stories on the web about her and read magazines with her fucked up face on the cover because they care about her!! Everyone is just waiting and wondering when and where she is finally going to go down in flames for the final time. I have said all along that she is not going to go out by herself. She is going to take those poor boys and other innocent people with her and it is going to be tragic.

BRITNEY IS A FAT ASS STUPID FUCKING PIG WHO DOESN'T HAVE A FUCKING CLUE WHAT SHE IS DOING. PUTTING THOSE TWO WOMEN IN THE SAME CATEGORY IS JUST WRONG, WRONG, WRONG. DIANA'S DEATH WAS A TRAGEDY FELT AROUND THE WORLD AND PEOPLE WILL ALWAYS REMEMBER HER FOR HER KIND ACTS OR HUMANITY AND LOVE. BRITNEY IS ONLY ABOUT HER, HER, HER. PEOPLE WILL REMEMBER WHERE THEY WERE WHEN DIANA DIED, AND NO ONE WILL REMEMBER OR CARE WHERE THEY WERE WHEN BRITNEY FINALLY CRASHES AND BURNS. DIANA WAS A GREAT MOTHER AND BRITNEY IS A FLIPPING SAD EXCUSE FOR ONE. DO NOT EVER, EVER, THINK THOSE TWO WOMEN WILL EVER BE REMEMBERED FOR THE SAME REASONS.

Anonymous 8:37. You are so spot on. Your post is one of the best I have ever seen on this site. And yes, Diana was an increadable woman. She had major class and was really in to doing things for the planet and people. She was absolutley NOT selfish, and she was a very intelegent woman. She was also a very carring, loving and great mother. She never would have done the things to her kids that Britney has done to hers. On the other hand, Britney is one of the most selfish and egotistical people on Earth, and very untalented too. She is not an artist, she is a fake. She does nothing for anyone. Everyone that is around her ends up realy screwed up or hurt by her. Britney is not intelegent at all and is very stupid. Britney is the kind of idiot that embarasses Americans like me. I wish we had someone like Diana here in the US instead of skanks like Britney, Paris Hilton, and Lindsey Hohan. It is just gross that scum like these whores are running around ruining the image of the US like these skanks.

X17 can keep putting up pictures of Britney with their stupid captions, but 95% of the people on here see her for what she is. And it's not just on here. Go around to the other blogs. People are all saying the same thing. There is no chance in hell this woman is ever going to make a comeback. She can't even take care of herself, much less 2 small kids and a career. Her few fans want her to be what she was years ago, and it's just not gonna happen. I think I feel worse for them than I do for her. She is just plain crazy and they are living in complete denial. When it's over, it's over. Face It and move on...

This britney spears shit really hits home for me because I know someone who is a shit mother. I think everyone knows someone like that. Last night she was out on her porch at 2:30am yelling to the neighbors who had just gotten home from a bar about smoking pot while her 2 year old was crying mommy mommy behind her. THAT IS A SHIT MOTHER. I imagine britney does stuff like that all the time.

HEY K FED..divorce is a hard thing for everyone in a family. I do believe that Britney must have loved you to death to become so messed up after your split. I don't know what is going on truly in your lives but I believe you probably are not a saint either. I think Brit needs some good counseling and sure in the hell hope she gets it. It must be difficult to be watched every move you make. Just lucky you are not followed every step you make. I sure wouldn't want to be followed and judged for every move I make.I try to be the best parent I can for my children. You and Brit had something and holding onto hard feelings will just cause more harm. I hope that you guys can become civil and remember the best interest of the kids. If you do read this I bet you would be saying.. what the f do you know b lol. Just give it a thought and good luck in the future.

she needs to pull herself together a little more. you'd think with all of her money she would know how to dress herself, but obviously not... it looks like the dress is safety pinned in the back...making it look like she must have gotten it on the sale rack in a size that was too big.

How damn hard is it to pull in a parking place? I guess when you are smoking, petting your dog, pulling your dress up to expose your skank "down yonder" to anyone who will look, calling the police on your cell phone to whine about the paps that you flash your "down yonder" to every damn day,.....you would have a problem parking that car. Get a fucking driver, some tinted windows and stop flashing your tuna twat to the world! Oh, by the way.....you left your babies in their carseats in the driveway.

BRIT IS A LOSER!

August 7, 2007 3:28 AM

Posted by: 2330

Britney needs:

- 1) a stylist (her hair is a mess, the dress is too tight and the shoes don't fit with this look at all);
- 2) a personal trainer (having 2 babies is not an excuse to letting yourself go and having a body like this at such a young age - look at hot mamas like Cindy Crawford, Heidi Klum, Gwen Stefani, Claudia Schiffer etc.);
- 3) a nutritionist (who could explain to Britney that junk food actually MAKES you fat and smoking isn't good for your skin);
- 4) a psychiatrist (her shocking behaviour and stupid mistakes she has been doing one after another are the evidence!)

Is she going bold?

I don't understand why she didn't have the confidence to wear her hair short as it grew back. It would have been a healthy solution, it could have grown back in a natural way.

Her hair was simply too short to bear such heavy extensions plugged onto them.

I cannot understand.

I like how you guys at X17 forget to mention she left the scene of the accident without leaving her insurance info for the owner of the car she hit. Check out TMZ, it shows her leaving. It doesn't matter that it was a just a minor fender bender, she caused damage to someone else's car. Just another example of how careless & selfish she is.

Watch the video on TMZ.com! Stupid bitch shows complete disregard for the car she hit and doesn't even look at it. It's a sorry sight indeed when celebrities think they can get away with anything and everything as this piece of trash has proven. Get a fucking life you stupid bi-polar whiney ass little twat! Maybe the stupid bitch should have gotten the dog out of her lap and drive her car with two hands. I am just furious because of all of her stupid mistakes. What it must be like to lead such a sad, pathetic and meager existence. Britney's a moron and so are all of the idiots that actually look up to that loser. Britney can rot in celebrity hell. Kristin,

britney4life is a short, fat, ugly dyke who doesn't have a life. Look at how  
many times she has commented on this one post alone.

i can't even imagine how homely and lonely britney4life is. know normal

we need to feel sorry for her.

Hey Kristin!

britney4life thinks it would "rock" to be run over and killed by Shitney! Just  
goes to show the mentality of a "retard fan" hey. They all have the  
intelligence of a small mushroom!

August 7, 2007 7:50 AM

I imagine she's 11 or 12 trying to be a badass defending her wretched idol. It so sad to watch these "fans" base their lives and look up to people like this....however, at the same time it is freakin hilarious!! Keeps me entertained at work to know someone is getting all flustered that their idol is slipping down the mountain...lol.

August 7, 2007 7:55 AM

Yeah...a Shitney fan is furiously working on some "bad ass" comment as I type! I imagine something like?

"yall just jealous" or ??? perhaps the real ass kicker one... "get a life all you haterz"! oooooohhhhhhhhh That so hurts! hahaha

They are freaking hilarious!

and again I say to them...their idol is nothing but a fat arsed, herpes ridden slut!!! Selfish, self centred and dumb as a lump of dog shit!

Who dresses like that to go to the pharmacy? It certainly looks like an evening dress to me but I guess it's not short enough for her to wear clubbing. She needs to check out her backside in a mirror before she leaves the house. This dress is not very flattering.

Can't she buy a vehicle that she can get out of comfortably. Also there are vehicles that you can get your children in and out of much easier

She needs to put back on the weave protector. How nasty does her hair look? Looks like it hasn't been washed in forever, it looks like she stuck her head in a bucket of Kentucky Fried Chicken. Brit, cut the weaves out sweetheart and sport the short cut. This is just a guess, but you might look a lot better.

ok, yo les voy comentar algo como no le van a suceder cosas como esta si la viven rodeando los periodistas, fotografos y demas. la pobre tiene que cuidar : No atropellar a nadie, no golpear a nadie, no empujar a nadie, no decir nada a nadie, no agredir a nadie, no empujar a nadie, no hacer gestos raros porq de inmediato lo sacan en la prensa. Necesitamos que Britney Vuelva pero como puede suceder esto, si todos los dias intentan dañarle la imagen con cosas notas como estas...cualquiera se pondria nervioso si tuviera que vivir al tanto de tantas cosas a la vez... y pensar en poner su mejor sonrisa para que despues en un periodico salga un articulo destruyendola...

She a dummy. All she cared about was her car. She didn't even look at the other persons car or even leave a number and info to pay the other person for damages she done to their car. ( notice the car tag ? Says KIMS WGN-Kims wagon.

Stay off the booze, maybe your vision wouldn't of been so blurry where you could of park your car, thinking you had 2 spots to pull into.

You should be running over those photographers who get in your way.

Also, you need to learn how to squat like a lady !!!!

Anyone on here who is on Britney's side is just as menatally fucked up as she is! She obviously doesn't give a shit about anyone but herself...she hits a parked car, parks, flings her door open, again hitting the car, and doesn't even bat an eye at the damage she did to the other person's car, but man, she is checking her car out like crazy.

Stupid bitch; seriously....how can anyone look up to her dumb-ass?
